

Help the fox get back to the den.

The maze is composed of circles containing letters. The fox is at the bottom left, and the den is in the center. Three ladders are placed across the maze to help the fox reach the den.

The letters in the circles are:

- Top row: tw, y, v, w, x, sw, xt, tw, y, v
- Second row: xt, w, v, y, tw, xt, sw, x
- Third row: sw, x, x, w, v, y
- Fourth row: x, w, v, y
- Fifth row: w, x, w, v, y
- Sixth row: v, xt, tw, xt
- Bottom row: tw, y, v, w, x, sw, xt

Help the fox get back to the den.

The board game path is a large, irregular shape composed of 48 circular spaces. The path starts at the bottom left with a fox and ends at the top right with a den. The path is formed by a series of circles in various shades of brown and orange. There are three ladders placed on the path: one on the top row, one on the middle row, and one on the right side. The instructions are as follows:

- Top row, 2nd circle from left: "Go back 1 space"
- Top row, 10th circle from left: "Move forward 3 spaces"
- Middle row, 1st circle from left: "Move forward 2 spaces"
- Bottom row, 5th circle from left: "Go back 3 spaces"

The fox is a red fox with a white chest and tail tip, sitting at the bottom left. The den is a small cave with a dark entrance, surrounded by green bushes and a tree, located at the top right.

The fox is in the trap.	The dog yaps at us.	Pam has a velvet hat.	The fox crept past us.	Where is my magnet?
Is your cat at the vet?	Find the fox next to the pond.	Do you have a van?	They have six black wigs.	Fred is a twin.
Ben had an ax to cut the stump.	They want to run and jump.	You get wet if you swim in the pond.	The pup yelps if you step on him.	I said yes.
Ann has a red vest.	Yes, it is the end.	I can win if I swim fast.	I have seven pets.	The vixen is in the den.
